

BRRI dhan62

the world's first
zinc-rich rice
variety was
released in
Bangladesh

BRRI dhan62

will help
reduce the number of deaths
in children and women
and other health
complications such as
stunted growth in children

In Bangladesh

44.6% of the
preschool-aged children
have zinc deficiency.

For non-pregnant
non-lactating women, it is
57.3%
